World Health Day LA 2012

GOING
FOR THE
GOLD

World Health Day Los Angeles is a joint event between the University of Southern California; University of California, Los Angeles; and Western University of Health Sciences. Each year, the universities team up to give local families a day of free screenings, activities, and entertainment to promote healthy lifestyles. In anticipation of the 2012 London Olympics, this year's theme is "Going for the Gold," to promote health through exercise and nutrition.

The event will kick off the Olympics "Walk to London in 2012" campaign with a walk around the LA Memorial Coliseum, featuring Olympic athletes and the Trojan marching band.
